Contoso Information Security Policy (Fictional)

FICTIONAL DOCUMENT for software testing only. Not a real insurer, retailer, employer or legal requirement.

1. Data Classification

Data is classified as Public, Internal, Confidential or Restricted.

Restricted data includes credentials, encryption keys and regulated personal data. Retention periods for each class are defined in the separate Records Retention Schedule.

2. Access Control

Access to sensitive shared folders must be reviewed every quarter by the data owner.

Accounts of departing employees must be disabled on their last working day.

3. Passwords

Passwords must be at least 12 characters. Multi-factor authentication is mandatory for remote access.

4. Incident Reporting

Suspected security incidents must be reported to the security team within 24 hours.
